

# NEWS FROM THE HIVE

OCTOBER 7, 2021

## Bond 2021 - Thank You!

We are so thankful to the Academy ISD school community for the support of the construction project. The primary focus of the project is to construct a new Academy High School that will initially hold up to 800 students and have the ability to expand as needed in the coming years.

Claycomb Architects and our entire high school staff and administration teams have been working to create a schematic design. The AISD Board of Trustees will be considering design documents at the October 13 special meeting.

## Hive Happenings
