

## WHO WE ARE

The Academy ISD Education Foundation established as a 501(c)3 in 2021, was created to serve as a bridge of support between the community and the district. The Foundation's purpose is to engage the community to fund additional learning opportunities and resources to enrich and support all students and teachers of AISD. These funds are used to facilitate student achievement, scholarships, and skill development, to recognize and encourage staff excellence and to expand community involvement from individuals, businesses, and civic organizations. The volunteer Board of Directors made up of business, community and educational leaders work hard to increase support through fundraising, private and corporate donations.

## WHY DO WE NEED A FOUNDATION?

As student's needs and district numbers grow, this foundation seeks to provide educational enrichment opportunities for students and faculty above what is provided within the budget of Academy ISD.

## HOW DOES THE FOUNDATION WORK?

The Academy ISD Education Foundation is governed by a volunteer Board of Directors that is representative of the communities and businesses served by Academy ISD. The Foundation is a 501(c)3 organization established to create support for the academic programs of Academy ISD. These funds are available through tax deductible gifts made by individuals, businesses, and industries interested in the welfare of AISD students.
